

„ Improving the conditions for quality life and security of the citizens from the settlements crossed by the roads A4, p1105 and R1102 in the SEPR “

Within this project are envisaged joint activities of the five municipalities for construction of sidewalks in six rural settlements, as follows: v. Dabilje – Municipality of Strumica , v. Sekirnik – Municipality of Bosilovo, v. Novo Selo and v. Konjarevo - Municipality of Novo Selo, through which passes the main road A4 (M6) Strumica - Novo Selo - border crossing with Bulgaria, in Valandovo through which passes the road from first category P1105 and from Negorski Spa, touristic place near v. Negorci passes the regional road R1102 and joins the road A1, for creating conditions to reduce accidents involving pedestrians and thus greater security of its citizens from these settlements and all persons involved in traffic.

The realization of this project will enable modern access of citizens to their homes, workplaces, schools, institutions and others as well as modern access to tourism site Negorski Spa and development of recreational tourism.
